JUL 26 1982

Mr. Alan R. Huff
Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585

Dear Mr. Huff:

This is in response to your June 24, 1982, appeal of the decision of the Office of Computer Services and Telecommunications Management to contract for the services of the Forrestal Message Center ADP Services operations. I have reviewed the determination, the rationale upon which it was based, and the other concerns raised in your letter.

As a result of this review, I conclude that the cost comparison analysis, as prepared by the Office of Computer Services and Telecommunications Management, was essentially correct and in accordance with the policies and procedures of OMB Circular A-76 and the Cost Comparison Handbook. Consequently, I hereby affirm the decision to contract for message center services in the Forrestal Building.

Sincerely,

William S. Heffelfinger
William S. Heffelfinger
Assistant Secretary
Management and Administration

DOE review completed.
